Language

Most courses are given in French and it is preferable that students are able to communicate in our language. However, some teachers and students communicate easily in English to international students.

If you're not fluent in French, level required in English is B1.

Students also benefit from an agreement with the Institut de français of the University of Orléans that offers French classes at all levels for exchange students. The semester course costs only **65€ per student**. Students are divided into 4 levels: Beginner, Intermediate, Advanced, Superior. Each student can take a written French course and/or an oral French course and/or a grammar French course. Classes take place in the evening from 17:30 to 19:00. Information will be sent with the acceptance letter.
